

A Prayer for March 16, 2021

By Rabbi Stanley Garfein, Resident at Westminster Oaks

Dear Heavenly Nurturer,

We thank You for sending us angels to help us.

You give them wings and halos to adorn them;

They perform miracles and wonders to aid and surprise us.

You dress them in gowns and white clothes that set them apart,

You send them to bedsides to hold hands and save hearts.

You provide them with test tubes and chems to give a good start;

Thou givest classrooms, chairs, desks and boards to share smarts.

Each has a choice to do right or do wrong,

But Thou teaches and guidest to lead them along.

We thank you, O God, for sending us angels to help us. Amen.
