

A Prayer for December 8, 2020

Marie Thomas, Resident at Westminster Shores

Good and gracious God, help us to learn from this time of pandemic that we are connected to each other, that what we do has an effect on others.

As we distance from some, help us to appreciate those who are close by.

As we limit our travel, open our eyes to the beauty right where we are.

As we seek solutions to problems, help us to be creative and to be cooperative.

As we experience fear about the future, give us deeper faith in your constant, loving presence.

Good and gracious God, show us how to respond to the challenge of this pandemic that has gone on for so long and shows no sign of ending soon. You alone know when that will happen.

Give us the grace to live each day in a way that brings love, not fear into the world.

Loving Creator of us all, send your Spirit among us that we may learn to act justly, love tenderly, and walk humbly with you today.

Amen
